

II. STUDENT LIFE

STUDENT ENGAGEMENT AND LEADERSHIP

The Office of Student Leadership is housed in the Center of Mission and Belonging. This center oversees a wide variety of campus activities and leadership initiatives, including student organization development, diversity and inclusion programming, and health and wellness programming. The center oversees all registered student organizations on campus. Organizations focus on a variety of interests including academic, social, spiritual, and service among others. Students are encouraged to start an organization if there is not one currently on campus that has a similar focus. The center provides ongoing support to organizations in the form of training, one-on-one advising, retreats, and monitoring of organization accounts. For information on any of these programs or services, contact the Student Experience and Family Engagement Manager.

SPONSORSHIP OF ACTIVITIES

An event sponsored by a Mount student organization or individual; open to the Mount community and/or public; on or off campus; and/or using the Mount's name must first have University approval. Such approval must be obtained from the Student Experience and Family Engagement Manager before any publicity or advertisement is begun. To register an event, contact the Student Experience and Family Engagement Manager.

STUDENT GOVERNMENT ASSOCIATION

The **Student Government Association (SGA)** represents the voice of the student body and serves the interests of the students. SGA strives to help students understand their rights and responsibilities as a member of the Mount community. Students can volunteer to serve on one of several committees (Student Life & Welfare, Special Events, Finance, Academic & Career Excellence, Service, and Spirit) or become a senator or executive board officer in this important leadership organization. SGA is the umbrella organization over all student organizations and provides training to officers as well as approves funding for undergraduate student events and activities organizations.

The Student Government Association:

- Strives to maintain effective communication between students, faculty, staff, and administration.
- Influences policy and services that directly affect student life.
- Promotes student awareness of issues that impact the University community.
- Supports student organizations and allocates funds to CAB and other recognized student organizations for student events.

For more information, contact Lauren Gayhart, President 2025-26, lauren.gayhart@msj.edu or Student Experience and Family Engagement Manager. The SGA Office is located in the Harrington Center, Student Organization Center (SOC).
