

Mount St. Joseph University Sustainability Position Statement

Sustainability is the practice of living and working so that we may meet the needs of the present without compromising the ability of future generations to meet their own needs. Sustainability includes considerations that integrate environmental, economic, and socio-ethical perspectives.

Mount St. Joseph University recognizes its responsibility, as an institution of higher education to support human and ecological health, social justice, secure livelihoods, and a better world for all generations.

Because of this, Mount St. Joseph University acknowledges the importance of Sustainability as a guiding principle and will consider these elements in institutional decision making, including in its long term strategic plans.
