

School Dean

Updated 1/11/2011, 8/17/2015

A School Dean reports to the Provost and is charged with the administration and leadership of the departments, faculty, and staff within the School. The Dean has supervisory oversight for all curricular and co-curricular programs offered within the School and serves as the primary spokesperson and advocate for the School to internal and external constituencies. The Deans work collaboratively with the Provost, other School Deans, the Associate Provost for Academic Support, department chairs, and President's Cabinet in growing enrollment and enhancing program excellence. The School Dean is a member of the Academic Leadership Council.

The School Dean is appointed, and may be re-appointed, by the Provost after consultation with department chairs and all regular faculty members of the School. The term of each full-time, 12 month administrative faculty appointment is three years. With the exception of extraordinary circumstances, School Deans must hold the rank of Professor or Associate Professor with Tenure or Rolling Contract. Each School Dean will teach two courses or six credit hours per year (75% release time) unless extraordinary leadership priorities make this impractical as determined by the Provost.

The Provost annually evaluates the performance of the School Dean with input from those who report to her/him.
