Returning user?
Sign in with your existing credentials, or reset your password to have a password reset email sent to you.

New to your 12Twenty platform?
Click the “Sign Up” button on the homepage, where you’ll then enter your school email address, create a password, and agree to the terms of service and privacy policy.

Tell us a little about yourself...
Once you agree to the terms, you will come to a page called “Please tell us a little bit about yourself”. All items with an asterisk are required. Click “continue” when you are finished.
Uploading your job correspondence

Once you have submitted your information, you can upload your most up to date resume and cover letter. From your profile, click on the “Application Materials” tab, and then click on “Add New Resume” to upload your resume, and after that is uploaded, click on “Add New Cover Letter” to upload your cover letter.

Manage preferences and your account settings...

By clicking on the bust icon in the top right of your page, you can manage your Account Settings such as password, alternative email address, and manage your personal 12Twenty Passport QR code for Event and Appointment check in. You will need your 12Twenty passport to check in to Career Center events, like the Career Fair.
