Semester Codes

Semesters are identified by combining the session # and the last two digits of the academic year (2020 - 2021).

S1 = fall semester; S2 = spring semester; S4 = summer semester. So, you might hear S1 21 or S2 21 this coming year.

Exam Schedule

IS NOT THE SAME AS YOUR CLASS SCHEDULE. Be sure to look on the syllabus for your exam time, if the class has one.

TIPS FOR A SUCCESSFUL FIRST DAY...

OF FOUR YEARS... OF CLASSES

- 1) **Review Your Schedule:** Look at your schedule the night before so you know where you are going the next day. You can find your schedule by logging into myMount> Selecting the *Academics* tab at the top of the page> Selecting the *My Courses* link in the left side navigation bar. Make sure you're in the right term.
- 2) **Be on Time:** Be sure to leave early to get to class on time. Showing up late can be counted against you. If you like to talk to people on the way to class, leave ten minutes earlier.
- 3) **Set Your Alarm:** If you like to sleep & struggle to wake up, set your alarm a half hour earlier & get up when it first goes off.
- 4) **Be Present in Class:** Be ready to learn & open to new possibilities. Please silence & put away your phone during class.
- 6) **Read your syllabus:** Your syllabus will tell you what assignments you have, when they are due, & when you have exams.
- 7) **Have the required Books:** Have the required books prior to the first day. You often have homework due by the next class. Books can be rented, purchased, electronic, or hard copy. Sometimes professors put the books on reserve in the Library, also.
- 8) **Dropping a Class:** Dropping a class may impact your graduation date, financial aid & your athletic eligibility (if applicable). Consult with your academic advisor before dropping. You can access a list of important dates for dropping a class by logging into myMount> Selecting the *Academics* tab at the top of the page> Selecting the *Registrar's Office* folder on the left hand navigation bar> Selecting the *Dates to Know* link on the right hand side.
- 9) Repeat Steps 1 through 6 every day.
